

## Alberta Health Services and Community Audiology Services

The following locations are able to provide:

- diagnostic hearing assessments
- hearing loss counselling
- auditory processing assessment/counselling (services will be discontinued after December 15, 2014)
- referrals to appropriate sites for hearing aid fittings and assessments
- balance testing (VNG and VEMP)
- auditory processing assessments / counselling
- cochlear implant candidacy assessments and follow up for adult recipients (18+ years)
- bone anchored hearing aid (BAHA) candidacy assessments and follow up for adult recipients (services offered at the South Health Campus only).

*Please note: a referral is needed for these clinics. Physicians, speech language pathologists, audiologists and public health nurses can all provide referrals.*
